

STATEMENT OF PURPOSE

RS29914C1 / S1020

The Idaho Department of Administration proposes legislation related to Red Tape Reduction within Title 22. This legislation repeals the requirement for the Office of Group Insurance to promulgate rules for determining the eligibility of participants in the state's health insurance plan. This eligibility is determined in contracts with health insurance providers.

This legislation also adds a member to the Group Insurance Advisory Committee from a school district participating in the state's group health insurance plan. Representation from the school district will provide their perspective on GIAC decisions impacting health insurance coverage and administration.

FISCAL NOTE

This legislation will have no impact on the state's General fund or any dedicated fund or federal fund because the structure and staffing are currently in place to implement the statute.
